

Singhanians' Chronicle

From the editor's desk

'Failure is the stepping stone to success'.

All great personalities and personages who have left indelible prints of their lives on the sands of eternity are the men and women who converted their failures into success. One can attain success only when a person is bold enough to act, ready to give up every other enjoyment of life and sweat for his success.

So, dear children one should work hard to seek success in his life. I know these words are easier said than done.

Only the hard-earned success will prevail for a time to come. As an individual wherever we are, whatever kind of work we are doing its best to put in all our efforts and we bear the sweet fruits of our actions. Working hard might take some time but sooner or later we are rewarded.

FAVOURITE COLOUR DAY

**Be uniquely you. Stand out. Shine. Be colourful.
The world needs your prismatic soul.**

SPSS prides at coming up with most unique activities to instill information, values and ideas in the very fertile minds of next gen. Keeping the thought process in mind **Favourite Colour Day** was celebrated for the students of classed Nursery to II.

The students came in all the hues present on this earth and the junior most wing of the school had a look of a big canvas that had beautiful and bright colours splashed on it. Each colour has an impact on the personality; each colour has a resemblance to something in nature..... teachers explained all this to students and students were thrilled to know more about their favourite colour. They also brought something related to the colour adorning them in lunch box as well.

It was a visual treat to watch the tiny ones having fun while learning about colours.

SCHOOL ENGLISH DEBATE COMPETITION

A team of two students, Shivi Singh and Shubhi Vaya along with the escort teacher Ms. Shakti Vasudev participated and exhibited their oratory skills with conviction in 34th Shri Gopal Krishna Singhania Inter-School English Debate Competition was hosted by SPSEC at GHSIMR, Kanpur on the motion "INDIA IS A GLOBAL SUPERPOWER CONTENDER AFTER SEVENTY FIVE YEARS OF INDEPENDENCE." The competition endorsed participation of 23 teams with 46 contestants.

Mr Satyadev Pachauri (current member of Kanpur Parliament) presided over the function as the Chief Guest. Dr. B. D Pandey, Professor and Head of the Department of English, PPN (PG) College, graced the occasion as the

Guest of Honour. A team of judges comprised of Dr Alok Bajpai (a renowned Psychiatrist), Dr Dorothy Rai (former HOD of English, Christ College, Kanpur) and Dr. Mohit Mani Tripathi (Assistant Professor, Department of English studies and research, DAV, Kanpur) with their perception evaluated the multiple arguments advocated by the debaters and aired their views on the topic with substantial evidences. The participants of several schools presented their lucid thoughts with impressive voice modulation, reflecting their jealous learning skills and deep research on the topic. The objective of the event was to abrade critical thinking and communication skills of the students. Overall the event was a grand success.

A new year is approaching right on schedule again, this is the time of year when so many of us start making resolutions to change a certain area or multiple areas in our lives. May be we have some extra pounds to reduce, we might be committed to change a specific behaviour or will concentrate more on the required things.

New year resolutions range from simple desires to seemingly full proof plans for extensive life change. What we all have common is the hope that something will change and life will be better in the year ahead. Every year people ring in the new year with goals to live differently on some level but after few short weeks later, we gave up on changing ourselves.

Dear all,

Before giving up think –

- What if every spring, the flowers just give up on blooming?
- What if migrated birds decide to stay on that Island only?
- What if Sun chose to hide behind all around?

The answer of all the above questions is same and you know it very well.

The life would not exist..... so before giving up to bring a change in your life, think again and decide what is better to make your life better. When you decide for change, keep the courage to change, have patience to change, see your bright future after the change.

Wishing you all a very Happy New Year.

May all your dreams come true and may you be strong enough to stay with your New year resolutions. God bless all.
