Mathematics

Activity 1

Find the prime numbers between 101 to 200 using sieve of Erastosthenes.

Activity 2

Find the population of the city and state you live in.

Find the total population of India.

Find to most populated city in India.

Write the answers using Indian and International system of numeration.

Science

1. Make a pictorial chart presentation of Different types of Objects made from Same Material (take material WOOD, PAPER, LEATHER, PLASTIC, COTTON). List at least 5 different objects made from each material. For example, with material IRON METAL, we can list - iron rod, drum, cable, wire, spade. Draw and colour the objects.
2. Do an activity of sprouting of seeds. Draw and label a sprouted seed. Give 5 examples of edible sprouts. Draw and colour them. Why is eating of sprouts considered very healthy?
3. Note down the food eaten by you during breakfast, lunch and dinner for a week. Arrange this data in tabular form. Analyse each food item for the nutrition they provide. Based on your finding, decide whether you are having a balanced diet or not. Draw a pictorial pie-chart representation of an ideal balanced diet. Colour it.
4. Learn and revise all the chapters done till date.
Please note that the above holiday homework is to be done very neatly in the science fair notebook.

S.St.
