ISSUE 46

December 2020

From the editor's desk

As we all are aware that because of pandemic, the year 2020 has been a difficult year for all of us, but this is the time when we bid adieu to the old year and look forward with renewed hopes, prospects, and dreams. We hope that the coming year will be better than this one. Keeping that hope, we at SPSS wish all our near and dear ones a right, boisterous, bubbly and beautiful new year.

"Hope.....Smiles from the threshold of the year to come, whispering 'it will be happier'..." — Alfred Lord Tennyson
 Make a new start, make different choices, and do things in a different way. Happy New Year 2021 everyone!

CHRISTMAS CELEBRATIONS

Christmas surrounded us.

Happiness was everywhere. Our hands were busy with many tasks, as carols filled the air.

Christmas is the festival that inspires the spirit of peace, harmony, sharing and caring. Soaking in the spirit of Christmas celebrations the students and teachers of SPSS celebrated the festival with great enthusiasm on 22nd & 24th Dec. 2020. An array of activities was planned for children to add more fun to the event.

Various fun-filled and creative activities like Christmas tree craft, Santa cap making, Christmas tree decoration were conducted. Children participated in all the activities with great zeal.

They decorated Christmas trees beautifully and adorned themselves with their beautiful handmade Santa cap.

The students were seen dressed up in white and red colour attire with Santa caps and danced to the tune of "Jingle bells". The laughter and joy of the children added more exuberance to the festivities.

The boundless joy of celebrating the festival was visible on the faces of all the children.

To make the festival more special children donated clothes, food items and health and hygiene kits to the needy and the underprivileged people to bring a smile to their faces.

CBSE EXPRESSION SERIES ON ART AND CULTURE

The activity by CBSE series on art and culture was conducted in classes 1 to 12. The topic for the same was, "What fascinates me in the culture of paired state Rajasthan and Assam or Uniqueness of the art forms of the paired state Rajasthan and Assam. The students were told to draw /paint/write a paragraph

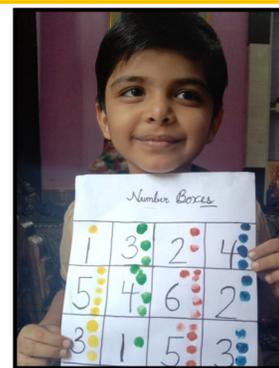

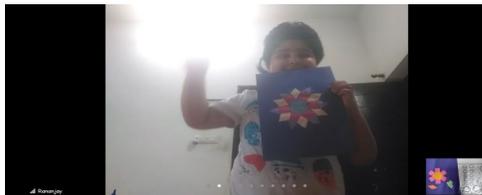

relevant to the topic. They came up with beautiful pieces of drawing depicting the culture of Rajasthan and Assam. It was a very unique concept that gave the students an insight into the different cultures of the two states. The activity sheets forwarded to the Art department for the final decision were highly appreciated.

MATHS BEE

To develop children's knowledge and understanding of math, an online activity 'Math Bee' was conducted by the School on 09.12.2020 for students of classes Nursery to II.

Each one had fun with Math in an entirely nonjudgmental in a free-flowing environment.

To boost self-confidence and cultivate creativity the activities conducted included Count and write, count and matchups, Clay activity, number association (Thumb printing), worksheet on addition, Shapes, play with numbers etc....Class 1 and 2 had a Questionnaire session based on the topics taught in the class(Counting, addition, subtraction, time, money,

Shapes etc.)

Maths quiz was also held on 22nd and 23rd Dec for the classes 7th, 8th, 9th. It was conducted by the teachers of the department. Students participated in enthusiastically. The learning outcome was achieved. The conduction of the quiz was appreciated by the parents as well.

ENGLISH HANDWRITING COMPETITION

It is rightly said that "The first impression is the last impression."

It is not only your outer appearance that leaves an impression on others but also your whole persona in totality. When we are not physically present, it's our presentations that talk for us. In the case of students, it is their verbal and writing skills that can leave a

positive or negative impact. It is important to understand the value of beautiful, neat and legible handwriting. To motivate students to write beautifully, a handwriting competition was organised for the students of Sr. KG. Students enjoyed writing the text that they were asked to write. They submitted beautifully written entries and won accolades for their spirits.

Dear Reader,
Greetings!

"Focus on the journey, not the destination. Joy is found not in finishing an activity, but in doing it." Greg Anderson

Learning is the process of constantly updating in an ever-changing world. In school, the students experience the most rapid changes in life which are critical in a child's development. Children develop rapidly during this time; physically, intellectually, emotionally and socially.

Today the role of a school is not only to pursue academic excellence but also to empower its students to be lifelong

learners. Learning at SPSS is based on the fundamental principles of life; teaching the children to be courageous, confident, disciplined, responsible and loyal. Education at our school provides a foundation for a lifetime of learning and is great fun too.

We stand poised on the threshold of a new era, an era of renaissance, an era of change in the dynamics of education.

In light of the same, SPSS has adjusted the sails to face the sweeping winds of change.

I also take this opportunity to thank the

parents of our students for having bestowed their faith and confidence in us. Your faith in us is our driving force.

I am confident enough that the Singhanians will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

Have a blissful, awesome, magnificent, cheerful and rocking year ahead.

HAPPY NEW YEAR!
