'Nothing can dim the light which shines from within'

It is better to face unavoidable situation than to give up. The strongest thing in the world is our willpower. Our willpower gives us courage to cope up with the difficult situation and it all comes from our inner strength and positive thoughts. The sun shines to its fullest in the month of May and we Singhanians have the strength to outshine in our endeavours, hone our skills and provide holistic education to our children. We teach students 'I can do it' and 'Everything is possible' so that they set up for themselves high standards, goals and aspirations in every sphere of life. This is the month when our children enthusiastically take part in summer camp activities and learn many skills. Learning is a continuous process that goes lifelong. Books are not the only source of learning, our circumstances also teach us lessons for life. In the current scenario our children are also conquering with the current situation and grasping knowledge through virtual classes. After a bounteous regime of scholastic and co-scholastic arena, our children look forward for their vacation so that they can charge themselves for another session of post vacation learning.

"Coming together is a beginning; keeping together is progress; working together is success." -Henry Ford

ORIENTATION SESSION

Sir Padampat Singhania School, Kota organized an Online Orientation Session for the parents and students for the Academic Session 2021-22. Each academic session comes with a new set of challenges. There are parents who are associated with the school for long while there are few who are new.

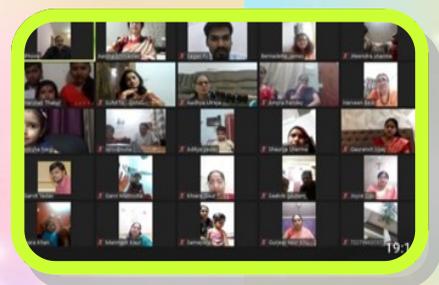

Orientation session bridges the communication gap between management and parents and helps in building a strong bond. This year being second in succession which started online, it was felt that an orientation session will ease the anxiety of parents. Under the able guidance of Principal Mr. Pravin Kumar, the session was conducted.

During the interaction, parents and students put forward their doubts and queries and the

faculty members responded to each patiently.

In all, it was one of several endeavours by school to enhance awareness among parents and extended support to the students as they make their decisions. The Vice Principle Ms. Anjali Chaudhary and the esteemed coordinators Ms. Harveen Bedi, Ms. B. James, Ms. Joyce Das, Ms. Shaily Sharma, Ms. Hina Rahat Khan and Mr. Rajab Ali Bharti blessed and motivated the students. Their words were very promising and encouraging.

Principal Sir addressed the guests and reconfirmed that Singhania stands committed to academic excellence no matter what the circumstances are. The session was a great success and received lots of appreciation from parents.

MOTHER'S DAY CELEBRATION

"A Mother is she who can take the place of all others, but whose place no one else can take"

Mother's day is a special day, for all children and mothers, as it celebrates the bond of love and affection that is everlasting. Mothers are the emotional backbone of the family, who have the magic touch to heal all wounds and make all things beautiful. The smile of a mother brings sunshine, her unconditional love is intangible yet embedded in every soul.

We cannot just dedicate a single day to a mother but in the vicissitudes of life, we forget to acknowledge all the pains she bears to keep her children happy and protected. On 9th May the students of Sir Padampat Singhania School celebrated Mother's Day to make all the mothers remind of their value and importance in the child's life. Beautiful pictures were sent by the students with their mothers .

Creativity Is Contagious, Pass it on....

School is an institution that has an Educational policy that is dynamic in approach and in accordance with the changing needs of society to maintain the tradition of innovative learning ideas and to make a child learn in a playful manner with competitive spirit .

Sir Padampat Singhania School has always been a pioneer in the Education sector and has left no

stone unturned for the holistic development of its student , the school had planned out a plethora of engaging activities from 17th May to 20th May. The activity based learning was really very helpful to enhance their vocabulary, confidence level, listening-skills, colour coordination, awareness and stimulated their intellect and motivated them to sharpen their skills.

Taking education beyond tomorrow

To achieve, this education at Singhania is committed to continuous improvement that addresses the unique needs of each child leading to holistic development. A child-centered philosophy is adopted and supported by inclusive education. The motto for every student and staff is 'to excel'. Sir Padampat Singhania School being always a flag bearer in the field of education leaves no stone unturned to provide best teaching methods and incorporating a mix of old and new techniques.

Singhania is known to be an epitome of hard work and sincerity which is evident in the work and efforts put in by the teachers for growth and development of these young minds, be it in physical school or online class. With technological advancement, teaching and learning at SPSS has reached to new heights. We have been keeping ourselves abreast with latest technology. The curriculum of our pre- primary wing imbibes and promote - 'learning by doing' approach. This enriches the learning experience of the children as we nurture them in the Eight Multiple Intelligences. These intelligences are incorporated in the curriculum through various activities. The teaching is as always child-centered along with the well planned curriculum covering all the areas of learning. The children are given the freedom to think and work accordingly.

Wishing you all successful year ahead .

Stay home, Stay safe !!

Summer Camp At A Glance

Sir Padampat Singhania School, Kota has always been a torch bearer in the field of education. This time once again we proved ourselves by setting a benchmark that however difficult the times might be but learning should continue with full zest and zeal. SPSS again created a milestone by curating an exciting and exclusive Virtual Summer Camp for the Singhanians from 21st - 26th May 2021, with some engaging activities for students to indulge in and explore something new with fun. The Summer Camp consisted of various activities which offered a plethora of opportunities to the kids for learning and enjoying. The activities like calligraphy and cursive handwriting helped in improving handwriting and

encouraged children to be creative with letters. Music, dance, drama and instrument was one of the favourite segments among the students where they learnt new songs and rocked the dance floor with foot tapping numbers. Story-telling and sleep time stories developed moral values and connected the children to the world of imagination and fantasy. Chanting of Shlokas in Sanskrit brought the children closer to traditions, rich heritage and culture. It also developed love for a new language among the students. The First Aid Workshop trained the children how to deal with a difficult situation by making use of immediate medication.

Art and craft gave a hands-on experience to the children and encouraged them to think out of the box. Live interactive FB sessions were conducted exclusively for the parents of SPSS. In these sessions Dr. Ashok Sharda, Dr. Manoj Singhal, Dr. Vishal Snehi and Dr. Neeta Jindal enlightened the parents and children about microorganisms, their types, means of spread and diseases caused by them. Special emphasis was given to Corona Virus and Black Fungus which are cause of worry during this time period. Vedic Maths is one of the oldest teaching methods for developing calculation skills among the students. Yoga and Aerobics made the children

realise the importance of physical fitness. Personality Development is an integral part of education and it was successfully implemented during the summer camp where the children learnt elocution and communication skills. Fireless cooking activity gave a chance to students for showcase their cooking and culinary skills with mouth-watering dishes. Beauty and Wellness workshop conducted for mothers was very informative and helpful. The mothers learnt various tips to enhance their internal and external beauty. Thus the Summer Camp 2021-22 organised at Sir Padampat Singhania School proved to be a blockbuster.
