Issue 62

April '22

## From the Editor's desk

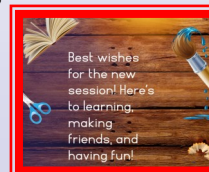

Session 2022-23 is a new beginning of another new academic year and I on behalf of entire SPSS fraternity welcome you all with loads of wishes and good luck. School reopening is indeed the most awaited moment for every child and our children entered the school premises with new energy and fresh new vibes and it is time for new hopes and renewed dreams.

What's better than going back to school after exams to a new set of teachers and few more new classmates. To begin something new is always amazing. In fact, we are always thrilled to start anything new. Let's prepare ourselves for coming days. So, that they are no delays and if we are prepared for today we won't postpone our work then.

Once the new session starts our energies are high but after a few days with the passage of time the energy begins to dip. But let's not lose our fire this year. Let's make a pledge to oneself to start the session with zeal and fire and end the session with an accomplished goal. Dear children, remember everyone is not privileged enough to get an education. If one gets this opportunity, then be grateful and work towards being better human being. Cherish your school life and stay motivated.

Ms. Sumita Ganguly

Editor-In-Chief

## Reopening Of School

The New Session of 2022-23 commenced on 1st April, 22 with fresh vigor and vitality. The school campus bustled with euphoric fervor as the cheerful-charming faces sparkled with excitement.

A special assembly was conducted by the teachers to welcome the students which initiated in the name of Shri Krishna along with lighting of the divine lamp amidst chanting of the mantras and soulful renditions.

Principal, Mr. Pravin Kumar triggered the spirit of the students with his motivational words and promised the students to provide a conducive learning environment with the target to achieve excellence in every dimension of growth.

## Moulding Day

**Clay can be dirt in the wrong hands, but clay can be art in the right hands.**

Sir Padampat Singhania School (Foundation Wing) organized pottery clay activity in school premises for the development of eyes and hands coordination to guide them to open up the wings of their imaginations. It was a fun filled activity enjoyed by every student.

This activity taught students about the cultural influences of pottery, and how clay is a

natural resource that is made from earth. The students became aware of the process of pottery making and designing of a clay pot using tactile skills. They also became aware of the different design elements that are used in making pottery (such as shape, color, texture, etc).

The students learned to illustrate their knowledge of pottery by creating a functional piece of artwork.

## BULLETIN BOARD COMPETITION

An Inter Class Bulletin Board Competition was celebrated at Sir Padampat Singhania School, Kota to create awareness about issues like pollution, deforestation and global warming. The theme of the Competition was- Invest in Mother Earth and Be the

Change, which emphasized the collective responsibility of the denizens towards the planet. The students enthusiastically participated, expressed their gratitude to Mother Earth for her benevolence and reiterated their commitment to conserve the planet.

## HOUSE MEETING

The first House Meeting of the session 2022-23 was conducted by the House Masters to brief the students about the maintenance of discipline and other aspects of house activities.

Students were selected for the choir group.

The meeting was conducted smoothly and efficiently.

## WORLD BOOK DAY

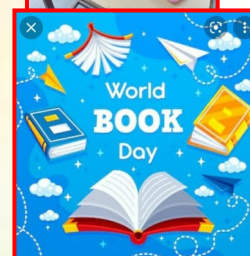

**"The world belong to those who read"**

23<sup>rd</sup> of April, a day to be remembered by the book lovers. This day is celebrated as World Book Day to mark the important role played by books in our life and promotes reading for pleasure which in turn is the biggest indicator for the child's future success.

Sir Padampat Singhania School celebrated this day with lots of passion and fervor. Various activities were planned for the students like Newspaper making, storytelling, poster making and book mark making. All these were organized under the guidance and supervision of teachers. Students keenly took part in the activities and came up with various innovative and ingenious presentations.

The effort of students won accolades from our Respected Principal Sir .

Thus, this day once again ignited the zeal for reading among the kids .

## SYMPHONY IN HARMONY

India is a country where people with different religion and culture live together with peace and harmony. From North to South, from East to West there are 29 states in India and when we go through their food, culture and heritage we find that each one is different from other but still we all live like a big family. We are a perfect example of Unity in diversity. To strengthen this feeling among the children Sir Padampat Singhania School organized the activity "Symphony in

Harmony". Students enthusiastically participated in this activity dressed up in the clothes from various states like Bengal, Rajasthan, Tamil Nadu etc. They all looked different yet beautiful like a bouquet of flowers. Each one, unique and different, reflecting the image of diverse India.

The message "Unity is Strength" was conveyed among the students through this activity.

## GROOMING DAY

The Child Grooming activity mainly focuses on making children more aware about them and their surroundings. In addition to, SPSS conducted Grooming Day Activity for the students of class Nursery to 2nd, in which children were taught and briefed about many good and different topics.

Our tiny toddlers of class Nursery to Sr. Kg. witnessed a Doll bath activity in which they were told about personal hygiene and cleanliness.

Students of class 1 had a knowledgeable session on Good Touch and Bad Touch. They were

awoken about the danger nearby them and how to be safe with the bad people.

Class 2 students focused on personality development and etiquettes. The students introduced themselves which enhanced their public speaking skills and confidence. Along with this students learnt about school and classroom etiquettes.

These are some of the prominent skills that we taught our kids.

Each and every student learnt something good which will be used in their life.

### Positive Thinking

What you think, you become. Positive people tend to attain success because they are full of energy and confidence. It enhances our energy and brings a lot of good energy to do a work. The biggest benefit that positive thoughts provide is an enhanced ability to build skills and develop resources to use later in life.

"Keep your face always towards the sunshine and shadows will fall behind you." The idea that your mind can change your world almost seems too good to be true. If you start thinking positively then automatically positive vibes start attracting you. When you think about something that makes you happy, your brain actually releases endorphins- the happiness hormone which gives you a generalized feeling of well-being. It's not always easy to stay positive but this art could be mastered by learning about "gratitude".

Gratitude is when you are thankful for each and everything (big or small) in your life not cribbing for things which you don't get. The best way to train your mind to think positive is when a negative event occurs, remember that it's your response that truly determines the outcome. Always look for the positive response and optimistic lessons. Positive thinking is achieved through determination, perseverance, self confidence and hard work. It is a reflex attitude developed or imbibed overtime. A positive frame of mind brings more harmony, happiness and improves relationships (personal as well as professional).

Mihika Bharti

XII- 'H'

THINK  
POSITIVE,  
BE  
POSITIVE  
AND  
POSITIVE THINGS  
WILL HAPPEN.

# Our Achievements

"Today is your opportunity to build the tomorrow you want."

## SOF OLYMPIAD : 2021-22

The meritorious sparks of SPSS galaxy have once again brought accolade and have earned recognition for the institution with their disciplined and diligent approach. Their stupendous performance is the fruitful outcome of pragmatic pedagogy and persistent efforts day in and out

## SILVER ZONE OLYMPIAD : 2021-22

"High Achievers spot rich opportunities swiftly making big decisions quickly and move into action immediately." The Scintillating Sighnians have acclaimed their supremacy in Silver Zone inscribing their eminence, illustrating prodigious acumen. The astounding performance is the outcome of their undeterred determination and meticulous mentorship of the teachers.

## Event—Akhil Bhartiya Rashtriya Ekal Gayan Pratiyogita

Sameeha Bharti, student of Sir Padampat Singhania School won first prize in district and state level singing competition organized by Bharat Vikas Parishad. She further participated in National level competition and brought the laurel for the school by securing 3rd position. Respected Principal Sir and the whole SPSS fraternity congratulated Sameeha and wished her good luck.

Its a proud moment for Sir Padampat Singhania School that Arpan Singh Kanawat of class 7-D has secured first position in the Poster Making Competition which was organized by Kota Blood Bank Society.
