

# Singhanians' chronicle

## From the Editor's Desk -

Not only will a kid learn subjects but also learns new skills, including social skills. The skills and knowledge that one learns at school will help him/her now and in later life as they go places. Learning new things is fun... meeting up with friends is fun, and working as a team is fun...

Schools are hubs of learning that train you for the life of your dreams....

1<sup>st</sup> April 23 saw yet another academic session start and take a dream take its shape.... The bunch of students have a twinkle in their eyes and we wish them good luck for the journey called life...

**"Always dare to dream. For as long as there's a dream, there is hope and as long as there is hope, there is joy in living."**

**Ms. Aastha Shrivastav**  
Editor-In-Chief

## A NEW DAWN—NEW SESSION BEGINS

"Every morning brings a promise,  
Every day has gifts to give,  
But today... right now...this minute is when I begin to live.  
Though there is no way

I can know how many trails we'll endure,  
nor the joys that I may find,  
There is one thing we know for sure...  
**THIS IS THE NEW BEGINNING."**

**SESSION 2023-24.**  
The silence of the morning broke into cheerful ripples, as the SPSS Campus bustled with excitement of the students, all geared up for the new session.

## ICEBREAKER

At the start of a session with the new group of students to integrate and make them comfortable and to encourage bonding, participation, and motivation and allow students to mentally and physically relax, an icebreaker activity was conducted for classes Nursery to II on 5<sup>th</sup> April 2023, where our little Singhanians enthusiastically

participated and showcased their creativity by making different figures with leaf impressions and enjoyed activities like cotton pasting, collage activity, head, shoulder and knee game, meditation, dance and hands-on activity. These activities helped our little ones to start this new session in a positive and constructive way.

## BUNNY DECORATION

"Art is the language of imagination, and craft is the physical manifestation of that language."

Every child is an artist, with imagination and artistic instinct. Young Singhanians showcased their powerful medium of expression through an Art & Craft activity "Bunny Decoration" which was conducted on 12th April 23 for Primary Wing (Class III-V) with the aim of enhancing

their creativity and imagination.

Students participated enthusiastically in this one-hour activity. From making Headbands, Tiaras and making designs on cups and clay; to pencil shading, painting; creating Bookmarks, Pencil stands, this activity was filled with energy and passion. Overall, the activity was a great way to enhance the creativity of Primary Wing students.

## EARTH DAY

Sir Padampat Singhania School Kota celebrated Earth Day 2023 with full zeal and enthusiasm on 24th April.

A special assembly was organized where students came up with their ideas and thoughts about Earth Day and its theme 'Invest in our planet'. After the assembly, the students of Foundation Wing along with their teachers and Coordinator Ma'am

started a rally to spread awareness about Earth and its safety. The children were dressed up in green and when they moved holding placards wearing head gears and trees painted on their adorable faces, shouting slogans, it honestly felt that our Mother Earth is in safe hands.

An oath was taken by the students and teachers to protect the environment

and sustain its resources. Nukkad Natak was presented by the drama team. The plantation was also carried out by the Eco Club members where Principal Sir, V. Principal Ma'am teachers and student members of Eco club participated in making the drive a successful one. The members also tied bird feeders in the school campus.

## BULLETIN BOARD COMPETITION

Bulletin Board Competition was conducted at Sir Padampat Singhania School, Kota to create awareness about issues like pollution, deforestation, and global warming. The theme of the

Competition was Invest in Mother Earth which emphasized the collective responsibility of the citizens towards the planet. The students enthusiastically participated and expressed their

gratitude towards Mother Earth for her benevolence and reiterate their commitment to conserve our planet. "Let us do our bit and save it for tomorrow." Happy Earth Day!!

## SUMMER SPLASH - LEMONADE ACTIVITY

With the mornings becoming bright and sunny, everyone looked for cool and tangy lemonade to get respite from the heat.

Keeping in mind the hot weather, sweet and sour Lemonade making activity was organised for the students of Foundation Wing.

Each one was excited and thrilled to be a part of this activity. The students

came prepared with lemons, sugar, and their own cute glasses and under the guidance of their respective teachers made yummy lemonade.

The best part was when they all tasted lemonade and took pride in appreciating its taste as it was prepared by them.

The students from Nursery to Sr. Kg conducted the activity in the Sand Pit area whereas

class I and II conducted the activity in their respective classes.

The students enthusiastically shared the Lemonade with Respected Principal Sir and won accolades for their mouth-watering preparation.

Thus, it was an activity where the students not only developed their culinary skills but also learned to work as a team.

## EDUCATIONAL TOUR—CLASS XII

Field trips are an opportunity to enter into the world of mystical power.

An Educational Field Trip for Classes XI and XII on 28th April to Kota Agriculture University was organised by SPSS.

The students visited Agriculture University and were amazed to see Hybrid cows & goats, well organized and equally equipped Museum, Dairy farming, Organic Farming, Horticulture, Nursery, Forestry,

Research Center etc.

They were given a lecture on ornamental plants and the prospects in Horticulture.

The upcoming manure Vermicompost, its making process, and career opportunities in the field of agriculture were explored by the students.

It was both fun and informative visit, which the students enjoyed.

“When I look at my students I see Ultimate Possibilities”.

The journey from being a mother teacher to a full-time Social Science teacher can be a challenging transition, but it is also an opportunity for growth and learning.

As a mother teacher, I likely had a strong foundation in teaching and nurturing young children. As a social science teacher of young students, I am responsible for teaching more complex and abstract concepts to students preparing to enter the next classes.

One of the most important aspects of teaching Social Science to students is making the material relevant and interesting to them. Young students can be easily disengaged, especially when it comes to academic subjects. To combat this, I use real-world examples, current events, and interactive activities to keep them interested and engaged.

Another important aspect of teaching Social Science to junior ones is helping them develop critical thinking skills. This means teaching them to analyze information, evaluate arguments, and think independently. So that enhances their ability to think critically about the world around them.

In addition to teaching the subject matter, I love to create a supportive and inclusive classroom environment. This means fostering a sense of respect and understanding among students from diverse backgrounds.

Overall, being a social science teacher in a junior class is both challenging and rewarding. By making the material relevant and interesting, helping students develop critical thinking skills, and creating a supportive classroom environment.

PRT

# SINGHANIA CRICKET PREMIER LEAGUE

Singhania Cricket Premier League concluded recently with some exciting matches. The tournament witnessed the participation of talented young cricketers competing for the championship title. Surya Challengers proved and emerged as the champions of the Singhania Junior Cricket Premier League. Pawan Kings, on the other hand, secured the second position. The Pawan Kings emerged victorious and were crowned as the champions of the Singhania Senior Cricket Premier League and won the first position. The Surya Challengers, who put up a good fight throughout the tournament, secured the second position.

Overall, the tournament was a great success and it was great to see young players showcasing their skills and passion for cricket.
