

Singhanians' Chronicle

Volume 81
November '23

From the Editor's Desk

"I believe success is achieved by ordinary people with extraordinary determination."- Zig Ziglar

Success is the product of consistently and patiently working towards your dreams. There are also many obstacles and hardships, you have to overcome, but it is inevitable. Achieving success requires strategic actions that involve much more than just working hard. Any new task in the beginning is difficult and take time to learn. One needs to have a strong will power and focus to make efforts each day. Thus, success will be attained one day. Determination and hard work helps to make a path towards success.

Dear children in order to succeed in your future endeavours, you must have a winning attitude and dedication towards work with regular practice.

— GISELE BARRETO FETTERMAN

Diwali Celebration

Diwali represents the good over evil and light over darkness.

May the divine light of Diwali guide us towards the path of success and happiness and bring new hopes and new dreams.

May this festival of light illuminate our life and banish all darkness.

Diwali festival was celebrated in SPSS premises on 7th November 2023 with devotion and religious zeal. The school was given a festive look with decorated diyas, pots and lanterns adorning the reception and corridors of the school.

To promote traditional art form amongst students an inter house

Rangoli competition was organised. All the houses participated with great zeal and enthusiasm and they put in their best efforts.

After the competition the classrooms were sparkling with such beautiful use of colours and designs which added to the festive galore. The Rangoli making competition motivated the students to perform and outshine in their creative skills and most important, work as a team to bring laurels for their house.

Fun N Fiesta

Celebrating the spirit of childhood, a happening event was organised for the radiant flowers of SPSS garden on 8th Nov, 2023.

The school campus echoed with the delightful cheers of various sports and games activities and the rhythmic beats of the Band Jam.

The eventful fete resonated the merry moments with an array of food and games stalls managed by the teachers and students.

The grandeur of this mega event left behind a permanent impression of life skills among the dynamic learners.

Shraddhanjali (Sir Padampat Singhania Ji)

Great souls illuminate the world with their vision and dynamism and leave behind permanent imprints for us to follow.

In the fond memory of our Founder, Sir Padampat Singhania Ji and imbibing his rich values and philosophy, the entire SPSS fraternity paid a soulful tribute to the magnanimous marvel, Sir Saheb on his Death Anniversary.

A prayer service was initiated with the Lighting of the Lamp to invoke the presence of the supreme power. The Principal, Vice Principal, Coordinators,

teachers and students paid a floral tribute to the timeless soul.

Students and teachers presented reflections on life and achievements of Sir Saheb, through their thoughtful words.

A Tree Plantation Campaign was organised by the members of SPSS Eco Club.

The prayer service culminated with inspirational speech by the Principal, Mr. Pravin Kumar.

Great Hand Colouring Competition

Art enable us to find ourselves and love ourselves at the same time.

Art is a great way of discovering one's passion and it also gives an opportunity to find a new way to love ourselves.

Drawing encourages young artist to develop their creative skills and helps improve their hand eye coordination and increase their visual skills.

SPSS rightly believes in this and

always encourages the students to pursue their passion related to art and craft.

A drawing competition was held for the students of Nursery to Sr.KG in SPSS premises on 22 November 2023.

All young artists participated with great gusto to showcase their artistic acumen.

You can never change your life until you step out of your comfort zone. Change begins at the end of our comfort zone." And that is exactly what I tried to do as a proud participant of the esteemed 17th Geofest International organised by City Montessori School Lucknow from 20th to 24th November 2023. During these 4 days I was bombarded with a ton of information and interesting facts about our planet and how we, humans are messing around with it. There were different competitions like quiz, advertisement, floor art, rhapsody, extempore, 3D soft board making, collage making, solutions, 3D model, fireless cooking, comic making, traditional folk dance, tech (video editing) and film making in which team Singhania actively participated, and at the end of the competition, we could proudly say that team Singhania has won eight awards in total while bagging the fifth position out of 66 teams that participated in the competition. Apart from being just a competition, it was a whole new learning experience for me and my teammates. This competition taught of the importance of teamwork and enthusiasm apart from making us learn about sustainable development, green energy, biodiversity conservation, energy conservation and the list goes on. I plan to apply all that I have learnt over there into my daily life and actively give my contribution into making our planet, our home a much better and safer place to live, for both, humans and for the other species residing this planet and thus paving the way for a co-existential and sustainable future. For me it was a matter of great pride and joy to perform upon the admirable and esteemed stage of City Montessori School and it was with great glee, pride and joy that I represented my respectable and admirable institution on international platform with my teammates. Geofest has made me a better version of myself and I will always cherish the memories I made there. At last I'd like to thank the Management of SPSS, Respected Principal Sir, Vice Principal Ma'am, Coordinators and teachers for giving me this once in a lifetime opportunity. Special thanks to my mentors who have been the guiding lights. Thank you Shalini Ma'am, Amit Sir, Lalit Sir, Bhagesh Ma'am, Rajesh Sir Chithra Ma'am, Pompy Ma'am, Puneeta Ma'am, Sarjana Ma'am, Romi Ma'am, Sagar Sir, Sutapa Ma'am and Shilpa Ma'am for helping and guiding me throughout this journey. At last I would like to say, "Never stop learning, because life never stops teaching."
